

Proposed Subcommittees (December 1, 2005)

(DeLuise not assigned to any subcommittee)

1. *What are the best available procedures for quantifying natural resource injury on a population, habitat or ecosystem level?
What guidance is appropriate for the utilization of these procedures?*

Roger Helm
Rob Ricker
Dale Young
William Clements

Wayne Landis
Ralph Stahl
Barbara Goldsmith

2. *Should DOI's Regulations provide additional guidance for determining whether direct restoration, rehabilitation, replacement, or acquisition of equivalent resources is the best strategy for addressing natural resource injuries?*

Pat Montanio
John Bascietto
Bill Brighton
Shannon Work

Stephen Kress
William Bresnick
Craig Potter

3. *Should DOI revise the CERCLA NRD Regulations to encourage compensating for interim losses with additional restoration projects (in lieu of monetary damages)?
How should project-based interim loss compensation claims be calculated?*

John Carlucci
Alex Beehler
Nancy King
Stephen Polasky

Jon Mueller
Pat Casano
Barry Hartman

4. *What additional measures should DOI consider to expedite planning and implementation of restoration projects and to ensure effective and efficient restoration after awards or settlements are secured?*

Charlie Wooley
Sharmian White
Richard Seiler
Lisa Gover

Lynelle Hanson
Tom Jensen
Cheryl Russell
Michael Smith
